

Medina Raptor Center

Sponsor A Bird Program

Here's an opportunity to help with the rehabilitation of injured and orphaned birds. Sponsor an educational bird to help the Center cover daily expenses. Most animals are successfully released back into the wild, but some can not due to permanent injuries. These animals become the Raptor Center's "educational staff" and ambassadors of their species, helping us teach about wildlife conservation.

Help... Each year, more than 400 animals are brought to the Medina Raptor Center with injuries caused by human activities. These animals need first-aid, care, and rehabilitation that can be quite costly. Any and all donations will help. Donations go toward the purchase of food and medication for the Center's patients and permanent residents.

Jack, Resident Barn Owl

Benefits... With a donation of \$50 or more, you will receive a certificate of sponsorship with a photo of your sponsored bird. You will also receive the Center's newsletters. Contributions to Sponsor A Bird are tax deductible as allowed by law.

The following animals are permanent residents and available for sponsorship. The birds remain at the Center. Your donation goes toward food, medical, and housing expenses for the permanent residents and other patients. For larger donations we welcome you to visit and have your picture taken with your sponsored bird.

The sponsorship donations are as follows:		\$50.00 for any bird of your choice	\$200.00 for the Eagle
